Graduate Student Office
Concordia University

Hello,

I am writing to apply for Grocery and Best Buy subsidy as advertised over email by GSA. I am currently a graduate student at Concordia pursuing master's in applied computer science.

I am hard working graduate student taking extra courses this summer and not able find enough jobs to fulfill all my bills. My laptop is also broken and relying on libraries resources to work on my assignment. These subsidy will highly help me situation where I am desperately looking for help.

Yours Sincerely,
Binit Kumar
